The objective of the study was class X AKL (Akuntansi dan Keuangan Lembaga) of SMK Muhammadiyah Bumiayu in the academic year 2022/2023 that consists of 23 students, there were 21 females and 2 males. The writer implement the Video Blog as the media in this Class Action Research (CAR) to improve the students speaking skills by giving pre-test and post-test. To find out the results, the writer analyze the test of pre-test and post-test. Then the the writer can make the conclusion that Video Blog (Vlog) media can Improve the students' speaking skill.

This media can improve the students' speaking skill in the class X AKL SMK Muhammadiyah Bumiayu. Thus, the students speaking skill was improved with the mean of instrument test in meeting 1 of cycle 1 was 47,4 while the mean of instrument test in meeting 2 of cycle 2 was 75.6. It meant, there were 28,2 point improvements toward students speaking score in 2 cycles. That is also proved by the increasing of pre-test and post-test average. The pre-test's mean was 43,5 and the post-test's mean was 77. The improvement of the students was 77% with 19 out of 23 students who have

passed the KKM. Therefore we can conclude by using Video Blog (Vlog) media can improve the students speaking skill in the class X AKL of SMK Muhammadiyah Bumiayu in the academic year 2022/2023.

B. Suggestions

In this part, the writer give some suggestions for teacher, students, and other researcher.

1. For the Teachers

The development of this era had a lot of influence in the world of education, the use of video usually used as a media in learning, especially in learning English. Teachers can use Video Blogs (Vlog) as media in the teaching and learning process to improve student skills, especially speaking skill. By using Video Blog (Vlog) media makes students not feel bored in learning activity. Thus, Video Blog (Vlog) can motivate students because students can see directly related material through the videos that are displayed. Besides that, students can also see repeatedly to really understand the material related to the video. When students feel comfortable and interested in the video, it can improve their skills.

2. For the Students

English as the International Language is important for us, especially in this modern era. The students should have spirit and a high motivation to learn English Language first if to learn English. The motivation will come from them will lead them to be successful in

studying English. Beside that, the students should also involve actively in English class and practice the English frequently. If it is done, studying English will be easy and enjoyable.

3. For Future Researchers

This study use of Video Blog (Vlog) to improve the students speaking skill. The writer hopes this study will be used as reference for the future research. The other researcher anticipates that the results of this study will be used as an extra reference for future research to create Class Action Research better. They should also conduct additional investigation to determine the weakness that still exists.
