ABSTRACT

Fitri, Erin Sabila. 2019. *The Analysis of Slang Language in Movie Script Harry Potter and Philosopher's Stone (2001)*. A Thesis. English Education Study Program of Educational Sciences and Teachers' Training Faculty Peradaban University. Yuniar Fatmasari, S.S., M.A.

Slang language is an informal language that tends to be discovered and used by Americans movies. But in fact, it is not just the Americans people use the slang language but also the British. They use slang in movies. Thus, the aim of this thesis is to describe the formation of slang language found in British movie that is *Harry Potter and Philosopher's Stone* written by J.K. Rowling. To answer the question the writer use George Yule theory about slang word formation. This thesis uses descriptive qualitative as the research method. The research finds that there are 141 slang word formation in the script; 71 words for blending, 38 words for derivation, 10 words for clipping, 8 words for borrowing, 6 words for compounding, 3 words for coinage, 2 words for conversion, 2 words for multiple processes and the last 1 word for acronym. The result shows that blending is the most dominant word formation of slang language in *Harry Potter and Philosopher's Stone*. It is a combination of two words or more into one word.

Keywords: Slang language analysis, Slang word formation, British movie, Harry Potter and Philosopher's Stone.
